Join the University of Minnesota’s SNMA chapter for our annual pre-medical forum. All pre-medical students wishing to gain valuable information about applying to medical school, medical school curriculum, and the life of a medical student and physician are welcome to attend. Hear from medical students, faculty, and staff and participate in unique and fun workshops.

SNMA is the nation’s oldest and largest student organization of approximately 5,000 pre-medical students, medical students and healthcare professionals nationwide. SNMA is committed to supporting current and future underrepresented minority medical students, addressing the needs of underserved communities and increasing the number of clinically excellent, culturally competent and socially conscious physicians.
