

# Outstanding Student Employee Award

The Outstanding Student Employee award seeks to recognize the top 10% of the undergraduate student employees on the Twin Cities campus. These are students who demonstrate skills and commitment that go above and beyond expectations. This award is also intended to recognize students who demonstrate growth or a strong foundation in the Student Development Outcomes ([www.sdo.umn.edu](http://www.sdo.umn.edu)).

The award nominees must be undergraduate student employees. Nominations must be submitted by the supervisor of the deserving student. All units/departments have the opportunity to select the recipients of this award from their own areas and based on their own selection process. As detailed below, each unit can award 10% of their student employees with this honor.

Each department/unit will be allowed to select 10% of their student employees for this award. Those units with less than 10 students may nominate one. The guidelines for determining the number of awards per unit are as follows:

Based on a 10% model rounded up:

1-10 Employees = 1 award

11-20 Employees = 2 awards

20-30 employees = 3 awards
